||: Em | G | D | D :||

Well, in the light of day, I hear her voice from far away in common men
In time, well, I'm okay, although life's pains are here to stay forever, man

| F#11 | F#11 | G13 | G13 |

And, if you want me for your own, there's one thing I would say

| D | Bm | Em | G A7sus2 | D | Bm | Bb5 | D |

The joke's on me, now, and the joke's on you
But I am alive again, free from my noose
If you can't find me, then you can't find the truth
All things I found...are shining brand new

||: Em | G | D | D :||

Border lines and cargo trains are the only thoughts that remain in my memory
Often times the tide will change, then dangerous things are kept at bay in my memory

| F#11 | F#11 | G13 | G13 |

The wait of the world is lifted when she calls my name

| D | Bm | Em | G A7sus2 | D | Bm | Bb5 | D |

And, the joke's on me, now, and the joke's on you
Well, I am alive again, free from my noose
If you can't find me, then you can't find the truth
All things I found...are shining brand new

||: F | G | D | Bb5 :|| F | G | {instrumental break}

||: D | Bm | Em | G A7sus2 | D | Bm | Bb5 | D :||

The joke's on me, now, and the joke's on you
But I am alive again, free from my noose
If you can't find me, then you can't find the truth
All things I found...are shining brand new
The joke's on me, now, that the joke's on you
I am alive, now, but you still need proof
If you can't find me, then you won't find the truth
Then, I'll be a lie again, but you'll be brand new...
